Note: Check with your airline or travel agent for restrictions on the use of these and other electronic items during your flight.

Additional Information

Alcohol

Alcohol - more than 70 percent alcohol content (140 proof), is prohibited from carry-on and checked luggage. Up to 5 liters of alcohol with alcoholic content between 24 percent and 70 percent are allowed per person as carry-on or checked luggage if packaged in its retail container.

Note: All alcohol not in compliance will be referred to the air carrier for possible removal.

More Information on Medication

All medications in any form or type (for instance, pills, injectables, or homeopathic) and associated supplies (syringes, Sharps disposal container, pre-loaded syringes, jet injectors, pens, infusers, etc.) are allowed through the security checkpoint once they have been screened. Medications should be labeled so they are identifiable.

Permitted & Prohibited Items

Transportation Security Administration

Transportation Security Administration

Smart Security Saves Time

Can I Take It?

Permitted and Prohibited Items

The prohibited and permitted items list is not intended to be all-inclusive and is updated as necessary. To ensure traveler's security, transportation security officers (TSOs) may determine that an item not on the prohibited items chart is prohibited. In addition, the TSO may also determine that an item on the permitted chart is dangerous and therefore may not be brought through the security checkpoint.

Please pay careful attention to the "Notes" included at the bottom of each section – they contain important information about restrictions and exceptions.

The chart applies to flights originating within the United States. Please check with your airline or travel agent for restrictions at destinations outside of the United States.

<u>Personal Items</u>	<u>Carry-on</u>	<u>Checked</u>
